## Edmonton Club Has Easy Time Beating Senators 6-2

By Stan Mohr  
Bulletin Sports Editor

REGINA, Sask., April 29.—Before the start of Wednesday night's opening of the Allan Cup finals in Regina's Queen City Gardens a number of the lights flooding the end in which Ottawa Senators were warming up blew out. It proved a prophetic happening.

In the following two hours Edmonton Flyers, hot on the scent of the Alberta capital's first cup success in its close to 40-year history, completed the job.

The Westerners proceeded to douse all the lights, as far as Senators were concerned while coasting to a hollow 6-2 triumph. It would be easy to suggest that Flyers, using speed and more speed, simply skirted the Easterners into the ice in racking up their one-sided victory. But it wouldn't be very close to the truth.

Usually the Western Canada League kings weren't out of a high gallop at any time. They didn't have to be. The vaunted offensive dynamite which Senators are supposed to have in large goals failed to show itself.

Before the final klaxon went Flyers were toying with an Ottawa squad good enough to finish ahead of all others down East.

The Senators weren't the only ones to take the short end. Canadian Amateur Hockey Association

## Flyers Home Friday A.M.

By STAN MOHR  
Bulletin Sports Editor

MOOSE JAW, April 29.—Flyers are homeward bound, from their 6-2 routing of the Ottawa Senators in Wednesday's opening game of the Allan Cup finals. The western puck monkeys headed out of Regina early Thursday.

Routed via Calgary, they will arrive in Edmonton Friday morning. Senators also are aboard the same train with each team again in its own private car.

## IN GOOD VOICE

Harvey Young, bruising Flyer defenseman, who stole the show in the tie-off as he cut most of the Senators down to size, was in rare voice for so early in the morning.

"I don't know what the Boucher is crying about," he got off. "The officiating was alright."

Regina Leader-Post quoted the Senator coach to the effect that he doubted if either of the referees, Danny Coak and Frank Elliott, could score 10 feet even on a clear day.

On the other hand, Jim McCarty, manager of Senators, was emphatic that the whistle tooters shouldn't be the whipping boys because of Senator reverence.

"I've been around long enough to know that you can't lose a game like that through the referees."

## NEVER IN GALE

Actually, the easterners were never in the ball game. Flyers came out of a 10-day layoff to make the Quebec Senior League champions like it.

There was hardly an ache or pain in the Edmonton camp. Upon pretty well canvassing his system, Young discovered a bruise on the forehead. Al Rollins, who racked up a lone somewhat in a workup, was getting around much more sprightly. And of course every day sees further improvement in Gordon Watt's sprained ankle.

## CCF Nominates Regina Candidates

REGINA, April 29.—(CP)—Labor Minister I. C. Williams and Provincial Treasurer C. M. Fries were unanimous choices of a CCF provincial convention held last night to contest the two-seat Regina constituency in the next provincial election.

## MARRIAGE 'IRKSOME' TO ACTRESS' HUBBY

LOS ANGELES, April 29.—(AP)—Margaret Sullivan, film and screen actress, testified Wednesday in obtaining a divorce from stage producer Leland Hayward that he found their marriage "very irksome."

## Showers Forecast For City Today

April showers, coming slightly late this year due to the late, cold spring, will hit Edmonton today according to forecasts at the weather office.

Showers and thunderstorms occurred in Alberta's foothills region during the night and occasional showers are expected here today. A little hail accompanied one storm that hit Rocky Mountain House during the night.

## Winds, which reached a peak of 29 miles per hour during one strong gust Wednesday afternoon, will continue strong today, averaging 25 m.p.h.

Edmonton was still surrounded by a heavy fog this morning, although temperatures were approaching normal. High Wednesday was 56 and overnight low was 38. Estimated high today is 58. Estimated high tomorrow is 60.

Temperatures were, however, more than 30 degrees below the record for April 29, 1935, when the mercury climbed to 89 above.

Winds expected to drop considerably Friday, but little change in temperature is expected.

## Volmer Wildcat Flow Reported

Unconfirmed rumors from Imperial Volmer, wildcat, located a few miles north of Edmonton, say that a very high grade crude flowed from Devonian formations corresponding to Leduc's 102 zone, during a drill stem test Wednesday.

## Depends on Finance

The offer was dependent upon satisfactory financial arrangements, and Sir Albert explained that he had been refused permission by the Bank of England to export capital for the purpose. He explained that there were many young men in the mechanical ability anxious to come to Canada.

A coal operator until British mines were nationalized and a civil engineer, Sir Albert said his firm now did all the strapping under way in India and produced 225,000 tons of coal there annually.

## PRINCESS SAYS CAN'T SAVE DOG

LONDON, April 29.—(AP)—Princess Elizabeth said she is sorry but she cannot ask Royal clemency for a dog condemned to die for killing chickens.

The dog's master, Norman Wilkinson, wrote the princess a plea yesterday. Her answer today said she "much regrets that the matter... is not one in which she can exercise any personal intervention."

Wilkinson said in his plea that since the death sentence for humans had been eliminated in England, it also should apply to dogs.

## Two Killed In Rock Slide

KAMLOOPS, B.C., April 29.—(CP)—Two trainmen were killed today when a CNR freight train struck a rock slide 40 miles north of here.

The dead: Fireman K. Witt and brakeman T. W. McKnight, both of Kamloops.

## NEAR BARRIER

The slide occurred near Barriere in the North Thompson valley, where a local train from Kamloops, B.C., and Jasper, Alta., will take from 12 to 15 hours to clear the tracks.

## Engine and 11 Cars were derailed as tons of rock crashed down the mountainside.

Auxiliary work trains have been sent from Grouse, B.C., and Jasper, Alta., to take from 12 to 15 hours to clear the tracks.

## CNR transcontinental trains No. 1 and 3 from the east have been replaced by a local train from Kamloops.

The rockslide occurred during the night.

Engineer Home was brought to hospital here. His condition was reported "fair."

## Paving Delay Is Ridiculous

The Journal newspaper, with a belated and somewhat diluted zeal for public service, follows The Edmonton Bulletin's demand for a paving survey with a mild and verbose proposal that \$50,000 a year be allocated in Edmonton for research into paving problems.

The Journal expresses the pious hope that "perhaps within five years we could know a good deal more about suitable road foundations and surfacing for residential streets."

In brief, the Journal suggests that Edmonton residents wade in mud and mire and choke with dust for another five years while her dilatory officials play around with \$50,000 a year trying to discover facts they should already know.

Quite clearly the Journal represents that archaic point of view that has stifled this city for a generation, the point of view that counsels delay and patience and postponement.

As implied by The Edmonton Bulletin, any expert attached to the Harland Bartholomew city survey organization, or any similar group, could learn everything necessary about Edmonton's soil and paving needs by digging a hole and looking at the sides of it.

The Bartholomew organization charged Vancouver only \$40,000 for a four-year survey. But the Journal would spend \$50,000 a year for five years.

Anything to put off the day of actual accomplishment! Anything to postpone the only thing that will dig this city out of the mud and dust—an actual and vigorous start on getting this paving done!

The Journal says that Edmonton has 75 miles of paved streets, 425 miles of dirt and gravelled roads and 500 miles of unpaved lanes. It would cost, says the Journal, between \$15,000,000 and \$20,000,000 to pave all of it.

Since it costs nothing in time or energy to be accurate, the reasonable accuracy of the Journal's figures may be kept.

But it is astonishing that the Journal seems to be appalled at the magnitude of the cost.

Even if a complete paving project cost the maximum sum of \$20,000,000 under which the imagination of the Journal staggers, it would be a cheap and economical investment because every home, every office building, every store and every factory in Edmonton suffers a tremendous depreciation every year through the unspeakable condition of our roads.

It is nothing unusual for a city of Edmonton's size to raise that much money in debentures for essential projects. And certainly money will never be cheaper than it is today.

The thing is to get the paving done. Divide it up into a dozen or a hundred projects if necessary and employ sufficient contractors to give us pavements that will lay the dust and abolish the mud right now.

—Editor.

## Vast Alberta Strip Mining Plan Offered

OTTAWA, April 29.—(CP)—Sir Albert Braithwaite, British industrialist and former member of parliament, last night offered to bring 50,000 British engineers to Canada and begin strip mining operations in Alberta.

He made the offer at an unofficial, inter-party dinner at which a demand for a national coal policy, to reduce Canada's dependence on American supplies, was launched.

Sir Albert spoke before Liberal, Progressive Conservative, CCF and Social Credit members of parliament. Municipal and industrial officials from all parts of the Dominion attended.

## DEPENDS ON FINANCES

The offer was dependent upon satisfactory financial arrangements, and Sir Albert explained that he had been refused permission by the Bank of England to export capital for the purpose. He explained that there were many young men in the mechanical ability anxious to come to Canada.

A coal operator until British mines were nationalized and a civil engineer, Sir Albert said his firm now did all the strapping under way in India and produced 225,000 tons of coal there annually.

## THIS SNEEZE HAD EVERYTHING

LOS ANGELES, April 29.—(AP)—Mrs. Elsie A. Halprin sneezed. And what a sneeze! Police said it had these horrendous consequences:

She lost control of her car. It hit a parked automobile. That one bounced 25 feet into another.

Mrs. Halprin, suffering a knee fracture, hip laceration and possible rib fracture, was taken to hospital. Then a private ambulance summoned to take her to another hospital collided with a car. Attendant John P. Funk, 26, suffered minor injuries. The ambulance was disabled.

Another ambulance transported Mrs. Halprin safely. Only then did the policeman find time to say "grounded."

Business in the city proper was practically at a standstill. Shopping was out of the question for most residents.

Basements of several department stores were flooded.

## Wetaskiwin Still Reported in Danger

As giant provincial government ditcher machines dredged runoff canals, 2,500 citizens of Wetaskiwin were today faced with a new flood danger from ice breakups in lakes west of the city.

Gangs of sleep-wary workers were digging runoff trenches near Sandy Beach, four miles west of the city, where melting lake ice loomed as the newest danger.

Temporary dams have been raised in many spots along the Vermilion river and these were still holding late this afternoon.

## Trochu Youth Flood Victim

Special to The Edmonton Bulletin

TROCHU, April 29.—Flood waters Wednesday claimed the life of a 16-year-old Trochu boy, Paul De Beaudou, bringing to 15 the number of deaths since waters started to rise in Western Canada.

# Edmonton at the Bottom

Northern Alberta, including the city of Edmonton, is falling down disgracefully in contributions to the Canadian Appeal for Children.

This notable failure is disgraceful for humanitarian reasons. It is tragic for political reasons, because the whole psychology of Europe may be shaped eventually by the hunger that pitilessly prevails among millions of European children.

The people of Saskatchewan have contributed 55 cents per capita to this appeal. Prince Edward Island folk have contributed 50 cents per capita. Ontario is down to 18 cents. Southern Alberta, including Calgary, has given 14 cents per person.

Northern Alberta has contributed the magnificent sum of 10 cents per capita.

## Fighting the Mosquito Plague

The provincial entomologist has warned Edmonton that the damp late spring will likely produce a heavy crop of mosquitoes and Alderman James H. Ogilvie, who has frequently urged an abatement of this nuisance, wants to know what the city commissioners are going to do about it.

The city commissioners have replied that they will report their plans at the next meeting of council. That means, of course, that up to the time of Alderman Ogilvie's protest they had made no plans at all.

It is astonishing that civic officials should require constant prodding to take steps that common sense would indicate should be a matter of routine.

It is particularly astonishing in the case of the war on mosquitoes because

capita. It falls at the very bottom of the list.

The Canadian Appeal for Children is part of the United Nations Appeal for Children in which 48 nations are participating. Canada's quota is \$50,000,000 of the United States is \$80,000,000.

The best showing, so far, has been made in England where the people are already up to the ears in financial and food embarrassments. But the English people have suffered themselves. They know what hunger is and what hunger can do.

The people of Edmonton and Northern Alberta can lift themselves out of the humiliation of bottom place by contributing generously. They can do at least as well as Saskatchewan has done.

Donations are accepted at any charitable bank.

## Co-ordination Not Good Enough

Rejoicing of West End residents last fall that 107 avenue had been paved was short-lived when a series of holes were punched in the scarcely-dry concrete on the westerly end of the new road to permit the laying of a sewer pipe.

No doubt the sewer was necessary. It was laid along the south side of the railway tracks and left that section of the road with huge craters. Some of these craters there still remain heaps of mud, guarded by crude tripods of timber, feebly lighted by night with red lanterns.

It was felt, with some justification, that there was lack of co-ordination between civic departments, but those who used the road could not see that the north side of the road had escaped the attention of the excavators.

But this spring, if this be spring, another hole yawned in the pavement—this time on the north side of the road.

The result is a series of blemishes and traffic hazards on one of the city's main thoroughfares.

The whole series of events on the west end of 107 avenue illustrates the need for such a survey as was suggested by The Edmonton Bulletin on Tuesday.

The survey should cover other fields that with huge craters and would try to ensure the right and the left hand of the civic administration are at least acquainted with each other.

The fight for the Republican nomination in the United States seems to lie between Dewey and Stassen with the possibility that neither may be the majority of the delegates. It will be remembered that such a situation produced Harding.

# And Nothing Can Be Done About It

By Webster

## OUR TOWN

By Jack Scott

GEORGE CAME HOME LAST NIGHT WITH THIS STORY. SEE IF IT MAKES ANY SENSE TO YOU. HE SAID HE HAD HIMSELF SICK OVER IT.

THEY SAT THROUGH SEVERAL REELS AND THEN ONE HUGGED THE OTHER. LOOK AT THOSE TWO HAMS UP THERE, HE SAID WITH DISGUST, 'GETTING EIGHTY PERCENT OF OUR DOUGH.'

HE SAID TWO AGENTS SAT TOGETHER WATCHING A PREVIEW OF A BIG PICTURE. ONE OF THEM SAID TO THE OTHER: 'THESE TWO AGENTS ARE AS FAT AS THE PICTURE AND THE OTHER FOR THE FEMALE LEAD.'

IF THAT'S FUNNY I'LL EAT YOUR HAT!

IS IT SUPPOSED TO BE FUNNY?

# An Affair With Visiting Robin

There'll be a nasty scandal out on the big end of town when the place if the sequins and cornucopia there doesn't get a visit from a robin. Until now it has been faithful to those salt water characters.

But a fat and cocky robin has been shoring his ordinal in digging a hole out behind the garage these past few weeks and the bird has a personality that grows on you.

He pops stiff-legged right under my shovel to retire a worm, then stands back with his head cocked waiting for the next happy victim. At the rate I'm working a shovel on the Scott Valley Project, this must be hard on his patience, but he just stands around watching and it's better than working a nest.

This fellow's next is somewhere around the corner. He's not flying before me by any means, but he's a real show-off. He carries a full cargo. He's had more than a robin's own weight of fat. He's had more than a robin's own weight of fat. He's had more than a robin's own weight of fat.

I've been doing some idle reading about robins. One ornithologist, a Prof. Trevelyan, says some robins with a gang of healthy young robins and reported that the average robin's weight is about 40 grams. I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

Contradictory Personality  
My own casual observation of the personality of the robin is strong, aggressive, occasionally a little angry—seems to be about 75 percent of the time. I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

Some Like 'Em And Some Don't  
I can't stand a robin either, to the robin's secret radar system. One expert says it's only a guess that a robin feels the vibrations of a worm's movement. Who knows? He may be right. I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

Chances are this robin who is working with me is deadly. He'll go a good 10 feet like a right hook. He'll go a good 10 feet like a right hook. He'll go a good 10 feet like a right hook. He'll go a good 10 feet like a right hook.

A lot of people are pretty unhappy about robins and their appetite for worms. I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

When the robin comes around, I don't know if that's true or not. I don't know if that's true or not. I don't know if that's true or not.

### LETTERS TO THE EDITOR

#### Hats Back Her View

Editor, Bulletin—I would be very pleased to see this letter in print, regarding ladies' hats. I like to go to bed lectures, church, etc. It seems to me that a high crown, feather, low or something sticking up on her hat. This makes it impossible for person or person at the back of her to even see the speaker.

#### Brakemen's Salaries

Editor, Bulletin—In reference to a letter in your valuable paper entitled the "Brakemen's Salary." I believe the writer should be enlightened on his subject. By the way, Mr. Taylor assumes that \$14.00 is the brakemen's remuneration for two weeks work. He makes it emphatically clear in his letter that he is not a brakeman. He is a brakeman. He is a brakeman. He is a brakeman.

# Aerial Seeding Plan Considered

Floods May Bring System Used Successfully in U.K.

WINNIPEG, April 29.—(CP)—Western farmers, fearing that flooded acres will dry out too late this spring to permit a normal growing period for crops, last night were considering a suggestion that aerial seeding could overcome their difficulties.

The suggestion came from Jack Dawson, skipper of the Winnipeg Canoe Club, who arrived from England last November after experiencing some of the worst floods in that country's history.

Dawson said English farmers developed the technique during last spring's serious floods there.

Aircraft carrying special machines flew over farm lands, shooting the seed into the ground. Through this method they were able to get crops under way six weeks earlier than would have been possible had farmers waited for the ground to dry.

Should western farmers adopt the

method this year it would not be an entirely new experiment. Two hundred acres of former strip cut mining land in southeastern Saskatchewan's Estevan district were seeded by aircraft early last April.

The seeds were poured out of a single-engine open-cockpit plane by P. C. Brown, federal agriculture inspector at Estevan, with the 200 acres seeded within 10 minutes.

However, other areas did not take to the innovation, although in several districts crops were sprayed from the air against disease later in the season.

This summer, with large farm tracts inundated by water in the most serious floods within half a century, more farmers are expected to investigate the possibilities of aircraft.

Aerial seeding would enable them to have crops in without having set a foot on the damp acres.

Health authorities without fear of bathing and the use of a foot powder to eliminate excessive perspiration of the feet.

# Airmail Postage Cut Under Consideration

OTTAWA, April 29.—(CP)—The reduction of domestic airmail postage from seven to four cents an ounce is included in a postal scheme now before the cabinet, a postal department official said last night.

He said the scheme was advanced to speed up delivery of ordinary mail in long distance hauls. This would apply to all first class mail now transported by rail.

The official indicated that the decision of the cabinet will be, "There is no indication whether the scheme, if approved, would be brought in by July 1."

"If it hadn't been for the loss of our department, air mail at ordinary rates would have been brought in a long time ago," he said.

Government Policy

OTTAWA, April 29.—(CP)—Postmaster-General Bennett said yesterday in the commons the question of when or whether the government will reduce postage rates is "a matter of government policy."

Replying to E. R. McKay (CPC-Weyburn) who asked when the air-

TEACHER HAS DANGEROUS JOB  
NEW YORK, April 29.—(AP)—The telephone rang in a Brooklyn high school teacher's home last night. An anonymous feminine voice left this message: "If she doesn't pass everyone in mathematics tomorrow something will happen. She'll be pushing up daisies!"  
A few minutes later, 30 rifle shots fired from a passing car rattled the home of the teacher, Miss Margaret Jokiel, 24. No one was injured.  
Miss Jokiel, a Fort Hamilton high school faculty member, was not at home at the time.  
mail rate would be reduced to five cents, the minister said the United States had sliced its postage rates last year and suffered a heavy deficit in postal operations.

# Springtime Is... SUIT TIME

So expressive of feminine loveliness, the suit, in an enchanting variety of styles is everlastingly smart... your boon companion for spring. Come in Friday and select your favorite!

## DRESSMAKER SUITS

### The Ballerina

The season's favorite style... gay, youthful lines that give you added charm. There's romance in the short, waist-hugging jacket and the full, sweeping skirt. Fine wool fabric in colors that spell spring magic.

Another popular spring style with neat, close fitting ballerina jacket and gored skirt, with moderate fullness... this is a trim, dressy suit available in shades of blue, green, beige, brown and navy. Sizes 9 to 17 and 10 to 18. At Woodward's \$19.50 to \$69.50

### Boxy Styled Suits

Here is springtime news... the boxy suit, so new and charmingly feminine. The straight jacket and pencil skirt is young looking and so attractive. Bright spring-like colors in sizes 12 to 18.

At Woodward's \$25.00 to \$89.50

### Checked Suits

Softly feminine models in a variety of attractive dressmaker styles... whichever you prefer in ever-smart checks. Shepherd, houndstooth and other fine checks... good looking, so versatile. Fashioned from fine, softest worsteds. Sizes 12 to 44.

At Woodward's \$32.50 to \$59.50

### Casual Dressmaker Styles

For all-occasion wear, you'll be so smart, comfortable in one of these softly tailored dressmaker suits... gabardines, baratheas, wool crepe and wool worsteds are among the soft, quality fabrics, so adaptable to casual styling. Innumerable are the fresh touches of spring to bring variety and beauty in styles. Pert, small collars to large Puritan collars, capes, double and single breasted models.

Perfect styling and quality workmanship make every suit a gem for spring. Sizes for juniors, misses and women. At Woodward's \$19.50 to \$39.50 and \$45.00 to \$125.00

## TAILORED SUITS

Distinctive for their mannish, tailored lines. Traditionally smart... fashioned from English, double plain and striped worsteds. Tailored jacket with mannish lapels and pipe pockets. Straight skirts and skirts with front and back kick-pleat. Black or navy... sizes 14 to 40 and 16 1/2 to 24 1/2.

At Woodward's \$32.50 to \$49.50

### Mink Neck-Pieces

A perfect complement to your spring suit... beautifully fashioned neckpieces of soft, luxurious mink.

At Woodward's

2 animals, \$65.00

and \$69.50

and \$75.00

3 animals, \$98.50

and \$119.50

Woodward's Ready-to-Wear Section, Second Floor

TENNIS LOOKS to be going to the dogs here but Eric, mascot at Arrowhead, Hot Springs, is merely proving he is a good setter. He has never won a tournament. He gets a few prize bones for his canine racketing.

## Smaller Oil Companies Charge Discrimination

CALGARY, April 29.—(CP)—Walter Jones, production manager of Gas and Oil Products Limited, charged yesterday that Canadian railways are discriminating in their freight rates against smaller oil companies. Officials of several other Calgary companies which process oil and refine products, reiterated the statement.

He said introduction of the new charge system, by which railways gave reduced rate to any firm which will ship all its goods over the lines of one company, discriminated against small companies not possessing siding of their own. They were forced to use trucks or pipelines to get oil into railway tank cars.

He said the matter should be brought to the attention of the federal government.

As an example of discrimination, Jones said the comparative rate for a tank car shipment of oil from Niaka, Alta., near the Leduc oil field, to Calgary was almost twice that of a similar shipment from Calgary to Regina.

OTHERS AGREE

The rate from Calgary to Regina—a distance of 466 1/2 miles—is 20 cents a hundred pounds; from Niaka to Calgary—a distance of 179 miles—is 18 cents a 100 pounds.

Officials of several other local companies agreed in substance with Jones' charges and said they felt some action should be taken to bring the question before the government.

Other firms affected by the "discrimination" include Great West Distributors Ltd., Canadian Oil Co. Ltd., Lums Oil Ltd. and Bell Refining Company.

## Company To Film Pete Knight's Life

CALGARY, April 29.—(CP)—The life story of the late Pete Knight of Crossfield, four times winner of the bucking horse riding championship of the world, will be written in book form and for adaptation to the screen, it was learned yesterday.

Mrs. Babe Knight of Hot Springs, Ark., widow of the famous rider, in a letter received here, said an independent picture company at Chicago had obtained rights to the film. Parts of the film will be "shot" in Calgary and around the old Knight ranch at Crossfield.

It is believed that the world premiere of the picture will be held in Calgary. Knight, one of the greatest rodeo performers of all time, was reported to death at Hayward, Calif., in May, 1937, when thrown by an outlaw horse named Strenuous.

## Anglican Divines Receive Degrees

VANCOUVER, April 29.—(CP)—Rev. R. F. P. Clark, newly appointed Anglican bishop of the Kootenays, and Rev. D. F. Watney of Vancouver last night received the honours of honorary doctors of divinity at a University of British Columbia convocation.

Rev. A. A. Ford of Stirling, Alta., was made a bachelor of divinity.

The degrees were presented by Rev. Principal K. E. Taylor of the Anglican theological college.

## Wage Restrictions In Germany Relaxed

BERLIN, April 29.—(AP)—The British and United States military governments yesterday announced that wage restrictions in effect since the beginning of the occupation of Germany are being relaxed.

Employees and trade unions may now negotiate new agreements providing up to 15 per cent increase in the average wage level.

Founder Of PCLCI To Attend Ceremony  
CALGARY, April 29.—(CP)—Brig. A. Hamilton Gault, DSO, CBE, who founded the Princess Patricia's Canadian Light Infantry at the Battle of Frezenberg, will attend the regiment's commemorative founding of the colors here May 4 on the 33rd anniversary of that engagement.

Brig. Gault lives in Montreal.

"You're going to regret this youthful stubbornness when you're middle-aged!"

## Vocational Training For P.A. Penitentiary

WINNIPEG, April 29.—(CP)—The penitentiaries branch of the justice department will extend to Western Canada this fall its program of vocational training and education.

The Collins Bay, Ont., institution at present is the only penitentiary given over solely to this training. But this fall the Saskatchewan penitentiary at Prince Albert—where both Saskatchewan and Alberta will become the second federal institution to provide training for selected convicts.

Joseph McCully, deputy commissioner of penitentiaries, said in an interview the Prince Albert penitentiary will be operated as is Collins Bay.

Only those whom it is possible to reclaim for society will be imprisoned in Prince Albert. These younger prisoners will be offered such courses as mechanics and woodworking to prepare them for their release. Each man will be assigned the type of training for which classification officers consider him best suited.

The incidence of crime is greater in years of depression than during prosperous times, Mr. McCully said. Men are driven to crime by their desire for legitimate fruits and pleasures of society.

## Additional Sport

### These Southpaws Not Wild, Insane

By HUGH FULLERTON, JR.  
NEW YORK, April 29.—(AP)—When the Cardinals beat the Cubs 10 in Chicago's National League opener, two left-handers, Harry Brecheen and Johnny Schemt, just about wrecked the old lefty southpaw are said (as well as being slightly insane).

Schemt made 100 pitches to 31 Cardinal batters and missed the plate only 30 times. "Harry (The Cat) heard the ump boller 'ball' only 32 times in 103 throws to 36 Cubs."

**SHORTS AND SHELLS**  
Galeado, Charles O'Neill's possible Derby starter, is one of those thoroughbred rarities, a lefty. The colt's twin sister died a week after foaling. . . Hal Swanson, Bucknell University pitcher, is believed to have set a new college record for strikeouts the other day when he whiffed 17 Albright batters. That's surprising, since Bucknell once had a pitcher named Christy Matheson.

**PERFECT PITCHER**  
Ken Jones, Peoria, Ill., Journal-Transcript sports editor, finally is convinced that his boy, Bobby, is out to be a pitcher. . . Hurting against Detroit, Bobby turned in a two-hitter, then went back as a reliever and fanned eight in 2½ innings. The next morning he looked at the box score and found that his dad's paper hadn't credited him with a hit but had missed. Bobby howled: "Dad, I need those hits. His series!"

**Lack of Materials Stalls Arena Work**

CALGARY, April 29.—(CP)—Construction of Calgary's new hockey arena will not start for some time because of material shortages, J. Charles Yule, general manager of the Calgary Exhibition and Stampede, said Wednesday. Work of clearing ground for the structure already is under way. The arena will have a seating capacity of 10,000 with standing room for another 2,000 fans. Maximum capacity of the present arena, which will be converted for curling when the new building is erected, is 8,500.

## De Gasperi Lays Govt. Groundwork

### Making Plans for Ruling New Italian Republic

By Frank Brutto

ROME, April 29.—(AP)—Premier Alcide de Gasperi began laying the groundwork today for the first government of the new Italian Republic. He will head it, as premier, barring unforeseen upsets.

The Christian Democratic leader passed up a visit to Italy's 26th international fair to talk with provisional President Enrico de Nicola.

Government sources said formation of a new cabinet must begin with Nicola's decision to accept or refuse the presidency of the republic. The new Italian parliament meets May 8. In a joint session May 10 it will elect a president.

**REPORT TO ACCEPT**  
While there is no official information on de Nicola's plans, Naples sources close to the 70-year-old president said he had decided to accept the office.

De Gasperi's present cabinet, his fourth under the provisional administration, will hold its last session May 4. Ministers then will submit their resignations pending formation of the new government.

The executive committee of the Socialist party, part of the Communist-Popular Front beaten by de Gasperi in the April 18-19 elections, attacked the forthcoming de Gasperi government last night.

**SEES DICTATORSHIP**  
It said concentration of anti-Front votes in the Christian Democratic party had deprived it of party characteristics and "conferred upon it the characteristics of a neo-fascist dictatorship, annulling the efficacy of a parliamentary institution."

The election results are "fatally leading to dictatorship and war," the "more than ever makes the Front the only guarantee of liberty and democratic recovery."

The Socialists are split because of pro-Communist policies. A group led by Giuseppe Romita, former cabinet member in the de Gasperi government, has attacked the pro-Communist in the party and has demanded a national congress of the party to outline policy.

It also asked the resignations of the executive committee.

The first man to drive a car at a speed exceeding 200 miles an hour was Sir Henry Negreville, who in 1927 at Daytona Beach drove his racing car at 202.7 m.p.h.

## B.C. PREMIER TELLS OF HOUSING PLANS

VICTORIA, April 29.—(CP)—More than 11,000 low-rental houses were constructed in British Columbia last year and another 5,000 are scheduled for this year, Premier Byron Johnson informed the legislature yesterday. He said he discussed the housing situation with Trade Minister Howe during his visit to Ottawa last week.

Premier Johnson promised the provincial government would continue to press for adequate low rental housing. The opposition then agreed to withdraw a resolution calling for consultation with the federal government and the municipalities in preparation of legislation for a national low-rental housing program.

Mr. McCully said the program undertaken will go far towards breaking down the anti-social attitude of many released prisoners. They will be prepared for a place in free society—and it is the duty of the public to accept the man at face value at having paid his debt.

Mr. McCully said the program undertaken will go far towards breaking down the anti-social attitude of many released prisoners. They will be prepared for a place in free society—and it is the duty of the public to accept the man at face value at having paid his debt.

## RANK PLANNING TO MAKE FILMS IN DOMINIONS

LONDON, April 29.—(CP)—J. Arthur Rank, head of Britain's biggest movie combine, said today that he hopes to make full-length films in Canada and Australia.

The whole situation will be reviewed as soon as the tax question has been adjusted.

Rank said that the popularity of British films has increased "considerably" in Canada during the last two years. In 1946, British movies occupied nearly four per cent of the playing time in Canadian theatres and today this has been increased to 24 per cent.

## Senator Riley

**Funeral Saturday**  
CALGARY, April 29.—(CP)—Funeral services for Senator D. E. Riley, 87, who died in Calgary Tuesday night following a brief illness, will be held from the United Church here at 2:30 p.m. Saturday. Rev. George Hutchinson will officiate, assisted by Rev. J. W. Bainbridge.

The pioneer Alberta cattlemen had been Liberal senator for Alberta since 1930.

**Railman Retires**  
QUEBEC, April 29.—(CP)—Retirement on pension this week of Frank Griffin, general superintendent of the Canadian National Railway for the Quebec district, was reported here yesterday.

## Man With Broken Jaw Blames Police Fists

TORONTO, April 29.—(CP)—William J. Abraham testified yesterday that Constable John Trimble struck him repeatedly and threatened to kick him after his arrest April 17 on a charge of causing a disturbance. The policeman is charged with assault, occasioning bodily harm.

Abraham spoke through clenched teeth, wired to permit hearing of a fractured jaw which he said he suffered at the hands of the constable.

Abraham is the fifth person within a month to charge policemen with unreasonably rough treatment. The board of police commissioners, investigating arrested at a Toronto dance hall

charges last month that Dean Putras was beaten and kicked in a police station following his arrest, exonerated the officers charged.

Abraham said he and a companion, LAC Jack Wilks, an alarm stationed at Trenton, Ont., were taken to the cells and later removed to a hospital.

"I told him I didn't know why the police had to beat up young kids on the street," he testified.

He said Trimble then struck him (Abraham) repeatedly with the back of his hand and knocked him from a chair to the floor.

"He said if I did not get up he would give me the book," Abraham declared. "I knew I was in for a beating. I couldn't honestly say how many times he beat me after that. He did slip me around."

Abraham said he was taken to the cells and later removed to a hospital.

## CANADIAN BULWARKS OF DEMOCRACY

## The Free Man's Right

... TRIAL BY JURY.

"No Man Shall Be Taken Or Imprisoned, Or Disserved . . . Or In Any Way Harmed . . . Save by Lawful Judgment Of His Peers . . ."—Great Charter, 1215.

News Note from another land: "A woman, native of — was taken at night from her home, kept four months in prison, sent for four years to — labour camp, in a cattle car. She was released without explanation, hearing or trial."

Since the beginning of recorded time, man has labored unceasingly to protect himself from despots and tyrants. It is self-evident to the Canadian that everyone is entitled to equal protection under our laws. The laws of our land state that no citizen shall be subjected to unwarranted interference with his privacy, family, home or form of religious beliefs. No one shall be deprived of his personal effects without due process of law. No one can be held in bondage or servitude. Anyone arrested has the right to demand that charges be laid before the proper authorities and that he be brought before a representative of the Crown. No person shall be convicted or punished, except after public trial by law.

These are the basic laws of a just, freedom-loving people . . . a people with a consistent, proven faith in the dignity, rights, worth and integrity of their fellow men. Under our law, a man is innocent until proven guilty. In these perilous days it might be well to ask: Have we become too complacent about our rights under law? Too unappreciative of the enormity of the problems that confronted the founders of our judicial system? Certain it is, that in this period of history, the rights we take for granted have been denied millions, elsewhere . . . in these many cases, liberty for millions has been swept away overnight. By totalitarian liquidation, their rights which are ours, have been flouted, ridiculed, violated. Let us ever bear in mind this: "The price of liberty is eternal vigilance . . ."

Our rights to a trial by jury are based on English common law, one of the greatest achievements of the human mind. They were won by the strength, tenacity of purpose and high moral courage of our fathers, to whom justice before law was the greatest goal of free men. Let us give long, serious thought to our rights under law. Basic, obvious, vital it is that we stay alerted to our blessings.

# It Appears Kipe to Pick Out a Rantier for Alan Cup

## Flyers Score Easy Triumph In First Game

(Continued from Page 1)  
officials, headed by President Al Richard who sat on the bench, test, didn't have much cause to cheer either.

### GET FIRST SHOT

But house or no house, Flyers wasted little time getting after them with the first shot, less than three minutes. Bill Maher shot them into a 1-0 lead on a play with Johnny Black. While the referees were at it, they might not have given "Lack" Fraser, Ottawa goalie, an assist on the goal.

A graduate Black was sent into Fraser's pads after which the rebounding puck worked its way around behind the case. Maher chased the disc in approval of Western, which was sent further on a rising 20-footer (which actually scored) to make the goal. Fraser had obviously hung on for too long. Right after the goal, he was still looking for the little black thing while Maher was coming it home. After the whistle he admitted he thought the puck was stuck in the rigging back of him.

Using the Black to Fraser to Maher effort as a vehicle, the Flyers quickly took charge. Before the end of a lull after opening, Fraser Anderson had stamped Fraser further on a rising 20-footer (which actually scored) to make the goal. Fraser had obviously hung on for too long. Right after the goal, he was still looking for the little black thing while Maher was coming it home. After the whistle he admitted he thought the puck was stuck in the rigging back of him.

Eddy Embury first tipped Regan's pass in behind Al Rollins for the opening scoring. It was only to have Flyers, through Regan's low back-hand to the corner and Pringle to the line, corner run the puck to the goal. To close off scoring, Embury's shot in the 17th minute, the one time U.S. league professional first straining the puck from Doug Lane. But the Flyers remained made up for this by tallying Edmonton's sixth corner from the end on a play with Elmer Krelier.

**IN PENALTIES**  
Total of 14 penalties were split right down the middle by the clubs. The Ottawa senators included a 19-minute misconduct penalty to "Blacks" Stahan in the middle period after he had laid his tongue on Referee Danny Cox.

There were times when the game threatened to get out of hand largely a result of the considerable high sticking, elbowing and butt-ending indulged in by the rivals.

Perhaps it's time to pick out a referee to see how the Flyers seem to be on their way.

Teams now head for Edmonton where the second and third games are scheduled for Saturday and Monday.

### LINE UPS

Ottawa — Fraser, Stahan, Maher, Green, Regan, Embury, Sube, Cox, McLean, Irvine, Tustin, Check, Smith, Rogers.

Edmonton — Rollins, Young, MacPherson, Rintad, Maher, Black, Stahle, Pringle, Krelier, Cleveloch, Smith, Anderson, Merlok, Lane, Referees — D. Cox, Pat Arthur, Frank Elliott, St. Catharines.

### SUMMARY

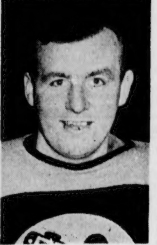

First period: Edmonton, Maher (Black) 2-0; Edmonton, 12-0; Edmonton 18-1. Penalties—Mathers, Merlok.

## Braves' Warren Spahn Sets Phils Down 7-2 With 2 Hits

NEW YORK, April 29.—(CP)—Rain and cold weather put a crimp in major league baseball schedules Wednesday, but the 3,681 Boston Braves, who ventured to the ball park were treated to a near-perfect pitching job by Warren Spahn as he set down the Philadelphia Phillies with two hits to give the Braves a 7-0 victory.

Spahn dominated the game as the best of his big-league career. He faced 38 batters, of whom three reached first base. Dick Sisler and Bill Dandridge, who didn't leave the field until the sixth inning, were the only batters to reach base. Sisler and Ennis were thrown out while trying to steal.

A triple and two singles by catcher Bill Skelton paced Boston's offense.

Cincinnati Reds' 81 victory over Chicago Cubs was costly as catcher Ray Mueller fractured his right ankle while sliding home.

Detroit Tigers snapped a five-game losing streak with a convincing 5-0 victory over the St. Louis Cardinals.

## YOUNG GIRL LANDS 213-POUND MARLIN

NEW YORK, April 29.—(CP)—Joan Watkins, 15-year-old school girl, recently landed a 213-pound marlin off Newcastle, on Australia's Pacific Coast.

The Australian news and information bureau reported Wednesday that Miss Watkins made the catch unaided after a 40-minute struggle.

When he and his sister also had twice Joan's height—and 47 inches in girth.

Veteran Australian anglers said they knew of no other girl of 15 having made such a catch unaided.

## Eddie Morris Arrives For Baseball Duties

As brown as a berry, and apparently rarin' to get started, playing-manager Eddie Morris of Brant Mathews' Edmonton Eskimos of the Big Four Baseball League, arrived in Edmonton Wednesday from Los Angeles.

Eddie admitted he didn't feel too spry after his long trip, particularly when he and his sister also had twice Joan's height—and 47 inches in girth.

Morris first began to sprout in Gardena, a suburb of Los Angeles, and soon became proficient with the bat and glove.

He started his baseball career—a career that carried him to many of the continent's top leagues.

George Washington High School of Los Angeles team in 1934, and the following year performed with the American Legion club.

In 1936 and 1937 he was with the Los Angeles Angels' farm club at Catalina Island, and in 1938 signed with the St. Louis Cardinals' organization, playing with the following team: 1938, Albuquerque, Arizona; 1939, Alamo, Georgia; 1940, Mobile, Alabama; 1941, Houston, Texas; 1942, Toledo 2, Milwaukee 14.

He was discharged in 1945, following his release from Sacramento, and played semi-pro with Los Angeles 1946, and was drafted into the U.S. Army.

## JAP BASEBALL HONORS RUTH

TOKYO, April 28.—(AP)—Base Ruth was honored Wednesday in Japan for his professional baseball parks.

Japanese players who hit home runs here were given 1,000 yen (120) each by Seki.

Another 1,000 yen went to a home run hitter at Osaka.

Sekai Suzuki, vice-president of Japanese professional baseball, delivered a talk on "Base Ruth."

# Central Baseball League Meeting Turns Into 'Fop'

EDMONTON BULLETIN, Thursday April 29, 1948

## Strictly Personal

By JIM ALDO  
Cecil (Tiger) Goldstick, popular Edmontonian, trainer, wrestler and handyman who is still stumbling over about his team's success in the U.S. hockey league (he kept the champion Houston Huskies in shape) will again be a familiar sight at Rensselaer Park when "Play Ball" sounds May 14.

Coco, who added plenty of color to the Big Four League as park superintendent, will definitely be at this meeting.

Sooner is on its way back in this central Alberta city and with the formation of the new central club at an enthusiastic meeting Wednesday night, Goldstick is starting off on a sound basis after an absence of some years from the hockey scene.

The Red Deer team has entered the competition as one of the country's top teams and Canadian fans can look forward to seeing first-class action this summer.

Sam Baxter was elected manager of the new team, and the new treasurer: Fred Smith, J. W. Scott, T. (Jack) Rader, player representatives: Archie MacPherson and William Greig, trainers: from the Edmonton team, the new manager will be chosen later. The name of Fred Smith will be proposed to the league as a player.

Baxter and Crane will represent the Amateur Hockey League in Calgary Thursday.

**SEAL PLAYING FIELD**  
Discussion of a playing field for the new league is being held at the meeting. It is hoped to get use of the sports field at the University of Alberta. The Athletic Association and falling that, the Exhibition Grounds or the former A-20 grounds would be sought. The sports field will be the most desirable, its central, close location.

The athletic association had advanced some money to help the league get started. The league will start the season. The club will furnish players with shorts, shirts and socks. The necessary equipment will be bought by the players.

Twenty-two players have been signed to date and a number of training sessions have been held. Application is being made to the Public School Board for use of the stadium. The league will play two nights a week, outdoor practice will be held during the summer. Quite a number of the candidates are former old country players, some of them have considerable experience in fast game hockey. The league has been an opportunity to see how the material Red Deer should be heard from the summer.

Visit of the Scottish curlers and the ending of the Dominion curling championship here, will be high lights of next winter's sport.

Alberta Curling Association emerged with a surplus of \$109.25 from the 31st annual bonspiel, it was disclosed by Doug Brown, who read the financial statement at a meeting of the executive council on Tuesday.

Brown, who took over the reins of president from Bruce Hamilton said the amount was achieved despite the exceptionally low entry this year. The "Spil and Consols" event attracted 253 spectators.

The buffet luncheon during curling week made a successful debut. George Laight, but he thought it should be extended to three or four days. It replaced the custom of the "Spil and Consols."

## Great Music Teacher And Composer Dies

One of Edmonton's greatest music teachers died Wednesday.

He was Professor Alexander Nicholas Nizoff, 68, of 9844 103 street.

Born in Sverdlovsk, Russia, he sang in choirs in his youth and attended normal school.

## Talent Scouts Search City

Edmonton entertainers, radio artists, musicians, singers, professional or amateur, may be on the threshold of a successful career.

Talent scouts from the newly-organized Canuck Theatre and Art Productions Limited are in Edmonton today on a talent search.

They propose to look up and audition the majority of Edmonton's better-known talented artists.

Following their survey, four local acts, will be selected to appear as guest artists during the week night stand of the Jerry Gage orchestra at the North West Art and Command Drill Hall on Thursday May 6.

At least one of the artists' acts and perhaps all four will be chosen to go to Vancouver in the fall for professional audition and possible film or entertainment career.

## Many Applications From Combines Men

Priorities for combines to assist in United States have not yet been set for Alberta.

R. M. Putnam, director of extension for the department of agriculture said today more than 100 applications had been received from combine operators who wished to make the harvest trip.

Number of combines to be required will be determined at a meeting to be held in Kananaskis, Alta., next week. The meeting will be attended by representatives of all interested states and provinces.

## 200 Scholarships Teacher Students

Two hundred scholarships of \$200 each are available to Alberta high school students who enroll in the faculty of education, University of Alberta.

The scholarships, designed to encourage Albertans to enter the teaching profession, are provided in addition to the standing offer of payment of tuition fees for students who undertake to practice their new profession in Alberta.

Applications for the scholarships must be made before August 15 to the deputy minister of education. Twenty of the scholarships will go to students enrolled in the two-year course in education, while the remainder will be given to students who are taking the one-year course leading to Junior elementary and intermediate certificates.

Scholarships will be awarded on the basis of Grade 12 marks received for English, Social Studies and two other subjects.

## Allen Appointed Local Freight Agent

Appointment of H. H. Allen as local freight agent for the Canadian Pacific Railway at Edmonton was announced today by C.P.R. officials.

Mr. Allen succeeds E. J. Taylor, who officially retired April 20.

The new freight agent was expected to arrive in the city today and take over his duties here on May 1. He has been freight agent at North Battleford prior to his new appointment.

## St. George's Society Held Celebration

Royal Society of St. George's celebrated St. George's Day in the RCMP Hall recently when 100 members were given to several Edmonton men who were with the British army in France in 1914.

## Bank Clearings Down

Edmonton's clearing house figures showed a slight drop for the week ended today as compared with the same period last year.

Totals announced today were \$12,714,743 for this week, compared with \$12,820,014 for the same period 1947.

## Floods Increase Meat Cost In Peg

OTTAWA, April 25.—(CP)—Finance Minister Abbott promised in the Commons today to look into reports that meat prices are rising in Winnipeg because flood-marooned farmers are unable to bring meat into the city.

He told Stanley Knowles (CCF, Winnipeg North Centre) he would draw the matter to the attention of the Prices Board.

## DODDS' KIDNEY PILLS

DO NOT TAKE THE PAIN OF KIDNEY TROUBLE

RAMPAGING FLOOD WATERS continued to pour over Wetaskiwin residential and business sections overnight nullifying all efforts of emergency crews of workmen to dam the Walker slough and a creek which

normally flows into Battle river. Four families were evacuated from this area as water continued to rise even over this level.

## Livestock Producers Now Getting Minimum

Alberta farmers can not accept lower prices for their livestock and stay in business states C. J. Stimpfle, president of the Alberta Farmers Union, commenting on a proposal of R. S. Munn, general manager of Burns and Company, meat packers.

Mr. Munn, testifying before the Commons price committee, stated that meat prices can be brought down only if livestock growers will accept less for their animals.

Faced with high feed costs and high living costs generally, Mr. Stimpfle said, farmers would get out of livestock if they have to take anything less than current prices.

The situation, he said, would be similar to that in the hog industry two years ago when a disparity between prices of feed grain and prices for hogs caused production to drop by 45 per cent.

Display of the car in Edmonton marks the beginning of Ford Motor Company of Canada's new split policy of competition in all price fields.

The Mercury, designed to compete with autos in the medium-high priced field is first of the new products to go on display.

At present only the Mercury "114" is being shown. The lower priced "114" will make its debut in preview of the car was given to a few friends and press-men Wednesday night.

Features of the new model are: 170-hp. floor handling, oversize 17x15.5 tires, air conditioning and smooth line design, permitting incorporation of many concealed features.

Overall height of the car is five-foot, three inches, but under-side clearance has not been cut down. Social preview showings will be held tonight, Friday and Saturday.

## More Enquiries For Female Help Than For Male

Twenty applications for farm domestic workers from displaced persons camps have been approved by the Alberta committee.

R. M. Putnam chairman of the committee said today demand for female domestic workers is much greater than for male farm help.

All applications are being carefully screened to make sure the immigrants is placed in a home where she will learn Canadian ways.

## Ritchie Community Executive Meeting

A meeting of the executive of Ritchie Community League will be held Wednesday at 8 p.m. in the community hall.

At a recent executive meeting plans were made for a dance and auction sale for May 12 and a sports day on May 24.

## Military Notes

The Loyal Edmonton Regiment will parade at the Prince of Wales Armoury tonight at 8 p.m. Battle dress, web belts, berets and puttees.

## Commerce Board Tour In September

Edmonton Chamber of Commerce goodwill tour to the Peace River Country will be undertaken early in September, it was decided at the regular weekly of the Chamber's council Wednesday.

The tour will include visits to Dawson Creek and Fort St. John, Grande Prairie, Peace River, Hines Creek, McLennan and other centres.

Consider for a moment those carefully planned features which combine to make you instinctively turn to The BAY for your every need . . . To mention but a few, think of the wide variety of high-quality merchandise, assembled from the world's best markets to suit every taste, but 90 per cent of it bought in Canada; the always fair prices, since high quality does not imply high cost; the helpful credit plans and generous adjustments; the convenient layout of departments; the services of a deft, courteous and well-informed staff . . . Each and every one of these is the product of a policy steadfastly maintained throughout The BAY's 278 years of existence—the policy of fostering those qualities of foresight, adaptability and dedication to service which inspired its pioneers.

Much water has flowed beneath the bridges since King Charles II sanctioned The BAY's incorporation 2nd May, 1670. Canada, first opened up to civilization by the Company's old-timers, has advanced to nationhood. And step by step The BAY has kept pace with Canada's expansion.

The future will hold more changes yet, perhaps changes even greater than those witnessed in the past. But never doubt that The BAY will still be found marching in step with the times, ever mindful of our proud claim:

THE BAY

## Boil, Chlorinate Drinking Water

Medical Expert Gives Advice As Regards Flood Conditions

It would be wise for residents in Alberta's flooded areas to boil or chlorinate their drinking water, according to Dr. A. Somerville, provincial director of communicable disease.

Dr. Somerville added that danger of typhoid for Alberta residents is very slight. He pointed out the province is situated close to the source of any run-off from the mountains and highlands and that most of the floodwaters are from relatively sparsely populated sections.

Under these conditions percentage of contamination of water is very slight, he said.

Water needs only to be brought to the boiling point to purify it, he said, and chlorination is a simple process which is equally effective.

He said water can be chlorinated and purified by adding three drops of an ordinary laundry bleach solution, such as can be obtained from any store to a gallon of water, then allowing the solution to stand for half an hour.

The solution should then be stirred vigorously to drive off any excess chlorine.

Convention Opens CALGARY, April 25.—(CP)—The annual meeting of the prairie division of the Canadian Manufacturers' Association got underway today with the annual luncheon meeting of the Alberta branch.

Three ambulance planes which were used to rush emergency cases to hospitals. A nominal fee of \$25 was the only charge for each trip.

Mr. H. Scott was chairman of the meeting.

## Reserve Units Hold Parades Over Week-End

Parade of 36th Casualty Clearing Station, R.C.A.M.C. will be held in Prince of Wales Armouries at 8 p.m. Friday.

Weekly parade of the 19th Armored Car Regiment, (Edmonton Fusiliers) RCAC, will be held at 7:45 p.m. Friday.

Number 418 Auxiliary Squadron, RCAP, will carry out flying program Saturday and Sunday. "B" Flight will be on duty Saturday and "A" Flight, Sunday.

Squadron parade will be held Tuesday in "M" hangar at 7:30 p.m. Radar equipment is now on hand and prospective recruits are invited to apply.

## CELEBRATES ITS 278TH ANNIVERSARY

## THERE'S TRADITION BEHIND THE BAY

The Proud Tradition of Vision to Foresee Greatness, Courage and Endurance to Achieve It, and Visions Again to Keep Step With the Future,

Consider for a moment those carefully planned features which combine to make you instinctively turn to The BAY for your every need . . . To mention but a few, think of the wide variety of high-quality merchandise, assembled from the world's best markets to suit every taste, but 90 per cent of it bought in Canada; the always fair prices, since high quality does not imply high cost; the helpful credit plans and generous adjustments; the convenient layout of departments; the services of a deft, courteous and well-informed staff . . . # Commerce Board Fund For Brief

## Plan Submission On Rate Increases Now in Effect

Council of the Edmonton Chamber of Commerce Wednesday decided to proceed with the creation of a fund to finance preparation of a brief to be submitted to the Board of Transport Commissioners in connection with the inquiry into the Canadian freight rate structure.

The council also decided that participation depended on the organizations combining in joint submission, raising their share of the estimated cost of preparing the brief.

It was reported to the council by the manufacturers' branch of the Chamber that difficulty was being experienced with the new minimum rate on transportation as this rate affects the price of commodities to consumers.

It was pointed out that in the case of bread shipped from Edmonton to country points the increase in rate under the recent freight rate award has necessitated an increase of one cent in the price of each loaf shipped.

A committee consisting of P. P. Griffith, J. R. Macle, Murray Hamilton, R. H. Settle, L. P. Brown and J. E. Dugan was appointed to obtain finances for prices in connection with the Chamber's 348 "Save the Soil Campaign."

## 10-OPERATION ASKED

Request from the Retail Merchants' Association for co-operation in publishing that organization's annual meeting to be held in Edmonton during the week of May 10 is being accepted, and plans are being formulated to meet the wishes of the association.

A member of the Chamber's highway committee will represent the Edmonton trade body at the International Goodwill meeting to be held at Lethbridge in connection with the dedication of the Coutts-Lethbridge highway to be held early in May.

## AMA Number At New High

Membership in the Alberta Motor Association is at an all-time high. Walter C. Caton, secretary-treasurer, said recently the number of members now stands at 15,316.

Fourteen hundred new members were enrolled in April, a year as compared to 1,200 last year, he said.

Associate members on the list increased during April by 1,096, making 858 for the same month in 1934.

Many inquiries have been received from potential American tourists to Alberta, he said, seeking information on the Alaska Highway.

## Mattress Fire Causes Damage

Fire caused slight damage to a mattress in a room at the Churchill building, 2064 Jasper avenue, about 4:45 p.m. Wednesday.

Occupant of the room, John Harris, told firemen he left a cigarette burning on the edge of an ashtray when he left the room for a few moments.

While away he said the cigarette rolled off the ashtray onto the mattress.

## Alta. Pensioners To Hold Meeting

Alberta Pensioners' Society will hold a public meeting Monday at 8 p.m. in the 1007 Hall on 103 street.

Motion pictures will be shown by the Edmonton Junior Chamber of Commerce.

## TIE-BREAKER PUZZLE ANSWERS ANNOUNCED

For the benefit of those who received tie-breaker puzzles in the Edmonton Bulletin's Know Your Alberta Contest, the following are the correct answers to the four puzzles:

Puzzle No. 1, Jarvis. No. 2, Rodet. No. 3, Loughheed. No. 4, Lone Star.

## Specialized Truck Service

**METEOROLOGICAL CHAIN** ending in Edmonton is maintained and operated by men of the Royal Canadian Signal Corps in Calder. Above, left, weather reports are received hourly throughout the day from scattered northern points by men such as Cpl. J. W. Turnbull, 12932 126 street (left) and Sgt. E. R. Elias,

10312 145 street. At the Corps' powerful transmitting station, above, right, a 10,000 watts high frequency transmitter gets a going over from Sgt. O. Z. Osland.

## Nerve Centre Of Far North

Headquarters for the sole complete communication chain with Canada's far north are located in Calder near Edmonton.

Here, under direction of Major P. J. McCauley, the Royal Canadian Corps of Signals maintains and operates a Canada-wide radio and teletype system.

Years of development, construction and personnel training preceded vital operation of the scheme.

**WEATHER REPORTS** for comfort of civilians and safety of flying operations are assembled here from stations throughout the far-flung network of stations.

Commercial and personal messages, too, are handled by the soldiers who operate the chain.

In all, approximately 80 officers and men are employed at the Calder station, as well as a few civilians.

Weather reports from the north come in hourly throughout the day and night by radio, and are relayed to the weather station at the airport by teletype.

Here they are assembled, weather maps prepared and forecasts sent out.

Transmitting and receiving equipment is housed at the transmitter station on 115 avenue, just west of the city.

**AUTOMATIC EQUIPMENT** Equipment there is fully automatic and connected to the Calder station by wire where all manual work is carried out.

One soldier only remains on duty at the transmitting station to see that the equipment is functioning properly.

There, too, are located the towering wireless transmitter and receiver masts.

Messages from other parts of southern Canada are received at the Calder station by teletype and sent on to the far north by radio.

The Signal Corps handles all messages between Fort McMurray, end of government telegraph lines and Alaska.

Twenty stations between Aklavik and Baker Lake are now being operated by the Corps, and three more will be erected during the course of the summer.

# CITY MAN TO HEAD JNO. HOWARD BRANCH

## IMPERIAL OIL TO DRILL WELL AT SPIRIT RIVER

Fire well to be drilled in the Peace River country will be spudded in about four miles southwest of Spirit River in the next three weeks according to reports from Grande Prairie.

The well will be drilled by Imperial Oil Limited with a new rig which is understood to be enroute from the United States.

Imperial has done extensive seismological and geological work in the Grande Prairie and Spirit River area in the past year.

No announcement has been made regarding the next location for the rig used to drill the abandoned hole at Tofield.

It is believed that it will be used in the Oliver district as soon as road conditions permit its removal from the Tofield lease.

## Bowlers Hold Annual Dance

Bowlers of the Canadian National bowling league held their annual dance in McCulloch Community Hall Tuesday.

Prizes were awarded to top scorers. They were: Nancy O'Brien and Ann Hartman, ladies' high single; Stuart Pearce, men's single; Theresa Pearce, ladies' high average; Yvonne Gogulski, ladies' high triple; William Prior, men's high triple.

Team high triple was awarded to the "Gretches" Superintendents, while high team triple was won by "Express No. 2".

## Strike Postponed

NEW YORK, April 25.—(AP)—A bus strike scheduled for today against six private New York City bus and taxi-car lines was postponed indefinitely yesterday by the

Transport Workers Union (CIO) after a last-minute city hall conference.

## Organization Meeting Elects Slate of Officers

A provincial board of officers of a John Howard Society of Alberta was elected at an organization meeting Wednesday evening held under the auspices of the Edmonton Council of Social Agencies.

G. B. Henwood, K.C., of Edmonton was elected president of the new organization.

Vice presidents are H. E. Howard of Calgary; E. D. Fyfe of Lethbridge, and Hector Lang of Medicine Hat. Honorary Treasurer is Campbell Fraser of Edmonton.

Miss Hazeldehn Bishop, executive director of the Edmonton Council of Social Agencies will act as temporary secretary.

The Board of Directors of the society will consist of five members each from Calgary and Edmonton, two from Lethbridge and chairmen from the ten local district councils.

## Organization Meeting Elects Slate of Officers

A provincial board of officers of a John Howard Society of Alberta was elected at an organization meeting Wednesday evening held under the auspices of the Edmonton Council of Social Agencies.

G. B. Henwood, K.C., of Edmonton was elected president of the new organization.

Vice presidents are H. E. Howard of Calgary; E. D. Fyfe of Lethbridge, and Hector Lang of Medicine Hat. Honorary Treasurer is Campbell Fraser of Edmonton.

Miss Hazeldehn Bishop, executive director of the Edmonton Council of Social Agencies will act as temporary secretary.

The Board of Directors of the society will consist of five members each from Calgary and Edmonton, two from Lethbridge and chairmen from the ten local district councils.

Edmonton members of the board are G. B. Henwood, Campbell Fraser, Mrs. E. W. S. Kane, R. M. McGrimmon, and Dr. D. E. Smith.

Mr. Henwood reported to the meeting on the work of the committee appointed last fall to investigate ways and means of organizing an Alberta branch of the society to aid in the rehabilitation of ex-convicts.

He stated that Alberta was the only province that had no branch of the society or other welfare agency exclusively devoted to the task of aiding in the re-establishment of ex-convicts.

## 900-MILE TRIP ON 55c TICKET

Canadian National Railways officials today told the story of a woman who travelled 900 miles on a 55-cent railway ticket—legally. They blamed it on the floods.

The woman left North Battleford Saturday with a return ticket for her home at Regina, Sask., 10 miles away.

On Monday she still was travelling, after having been rerouted in Saskatoon, Kindersley, Sask., Hanna, Alta., Edmonton and Lloydminster. She was back home today.

## Carnival Of Nations Big Display

Many Groups Take Part Following 9 Years' Lapse

Finishing touches are being placed this week on the 13 national displays to be made at the Carnival of Nations being held May 3 and 4 in the Memorial Hall.

Sponsored by the Edmonton Women's Liberal Club, this year's carnival is the first to be held after a lapse of nine years.

Eighteen of the displays will be sponsored by national groups participating in Canadian life, and one will be sponsored by the hospitalized veterans in Edmonton.

Each of the groups will display samples of their national costumes, food, handicrafts, and manufactured goods.

**SPECIAL PROGRAM**  
The carnival is to open at 1 p.m. Monday with a special program for school children from 4 to 6:30. Official opening will be made at 8 p.m. Monday with Mayor Ahlby officiating, followed by a program in which the various national groups will feature programs of their own countries.

Tuesday afternoon a whist and bridge party will be held followed by a dance in the evening at which modern, old time and folk dancing by the various national groups will be featured.

# Mrs. Stewart President Local Branch CAC

## Representatives of Women's Groups Organize City Branch of CAC

Mrs. W. E. Stewart was elected president of the Edmonton branch of the Canadian Association of Consumers at an organization meeting in the Library Wednesday. The association invited representatives of all women's groups in Edmonton and district, as well as interested women not belonging to any organization.

Mrs. F. J. Connor, Alberta provincial president, briefly addressed the meeting, which was conducted by Mrs. Paul Regan, interim-chairman for the provincial office.

Mrs. Connor, Mrs. C. B. Butterworth and Mrs. M. J. Stettin presented a round-table discussion on the background of the Canadian Association of Consumers and the purposes and aims of the organization.

Women representing every shade of political opinion, every religious denomination, every walk of life, so to make up the nucleus of this association, said Mrs. Connor.

The CAC has set out a six-point program—which can be accomplished only with the support of the women of Canada, she added. Funds amounting to \$15,000, have been voted to CAC by parliament. This money had previously been allocated to the consumer branch of the Wartime Prices and Trade Board.

This money was accepted, said Mrs. Connor, only after CAC delegates were assured that the CAC could remain independent of both government and business.

Mrs. Butterworth outlined the six-point program. Prices held the spotlight at the present time, she said, and CAC is concentrating on essential foods, bread, butter, meat and milk.

Deterioration in the quality of any article constitutes a price increase, she stated. Butterworth, and CAC

**Girl Guides Hold Dinner**

Two hundred Girl Guides, Brownies and their leaders of the West District Girl Guide Council, held their annual district meeting in the lower hall of Robertson United Church recently.

Among those seated at the head table were Mrs. J. C. Gaudin, provincial commissioner; Herb Hilditch, provincial trainer; Susan Hirst, divisional commissioner; Mrs. C. H. Macdonald, the Rev. A. J. MacGregor and Mrs. J. MacGregor, divisional commissioners; and Mrs. McKenney and Miss Palmer.

Wilma Palmer was presented with the gold cord. Mrs. Gaudin, in Guide, by Mrs. Gaudin. It was announced that Miss Palmer had been chosen as an Alberta Guide to attend the World Camp at Coopersburg, New York, this summer. The winner was a Brownie, a Guide and a present a Tawny Owl at St. Paul's Church, Jasper Place. She is a member of the 70 Company.

Beth Hilditch led the sing song, accompanied by Mrs. G. H. Macdonald. Howard McKenney entertained the young people with tricks. Circle two, Robertson Church, prepared the dinner, convoked by Mrs. M. S. Eby, assisted by Mrs. H. L. Robin. Virginia Pickett was in charge of the decorations and place cards.

Peggy Martin and Mrs. P. A. Rooney, division commissioner, were in charge of arrangements.

**Dr. Dennis Healy Guest Speaker**

Arrangements for the participation of the Edmonton Spanish Club in the Carnival of Nations will be made at a meeting of the club to be held in the club rooms, Alberta College, Friday, 7 p.m.

Dr. Dennis Healy, head of the French department, University of Alberta, will be guest speaker, speaking on Spain. He will speak in English and will show a movie, Old Spain.

Members of the club are asked to turn in their money and tickets for the Carnival of Nations. All interested persons are invited to attend the meeting.

A nominating committee, consisting of representatives from the various women's groups, chose the following slate: Mrs. W. E. Stewart, president; Mrs. C. B. Butterworth, vice-president; Mrs. F. M. Andrews, recording secretary; Mrs. D. I. Greene, corresponding secretary; Mrs. J. P. McGuire, treasurer; Mrs. Kate Lynn, membership; Mrs. H. J. Harper, publicity.

**LOBA Lodge Plans Whist**

Whist drive and dance will be held by members of the Western No. 125 LOBA in the IOOF hall May 1. It was decided at a recent meeting of the lodge.

The right worshipful provincial grand master, Sister D. Adams, Lady Strathcona No. 138 LOBA, was welcomed to the meeting and congratulated on her election to the office of grand mistress as a result of recent elections held in Calgary.

The second degree of the order was enacted to introduce Mrs. M. E. Gamble and E. Wolstenbule to the degree. Sister C. Stow reported on her call to sick members.

Committee reports were presented by L. Doney and Mrs. G. Parker. It was voted to send a cheque to the "Little Jimmy" fund.

**Mrs. Douglas Harper Heads Sports Committee**

Mrs. Douglas Harper was elected captain of the Highland's Club sports committee at a recent meeting at the home of Mrs. W. J. Hamish.

Other officers elected were Mrs. C. Rolf, vice-captain; Miss R. LeBlanc, secretary-treasurer; Catherine Rose and Mrs. C. Rolf, ringers; and Mrs. W. Cairns and Mrs. R. Staples, CAC.

A field day, followed by a supper and business May 18 at 2 p.m. will officially open the season.

It takes more than beans to keep a man happy if you want to keep him happy in the long run... you must always look your youngest, slimmest, and loveliest... you must eat your diet! And, in any diet to gain a lovely figure, you should eat certain special foods because of their vital "protein" qualities.

That is why Kellogg's All-Bran is included in scientific weight-control menus. All-Bran is made only from the outer layers of the wheat grain. This is the part so rich in iron and certain other "protein" food elements your body must have.

Not only is All-Bran a "protein" food, it is also a "double-whammy" because, to keep you regular naturally, such natural regularity is always advisable, diet or no diet.

Make up your mind to take better care of yourself. Start eating All-Bran today.

# Comedies Please Ottawa Audience

## Adjudicator Praises Both At Drama Festival

By Kay Rex

OTTAWA, April 20.—(CP)—A Dominion Drama Festival audience last night giggled its way through a couple of lively comedies, and roundly applauded the adjudicator when he praised both of them.

Herman's "Le Legataire Universel" (The Legatee), proved the prime chuckle-maker, and Robert Speight termed this production by Ottawa's Le Caves the "piece de resistance" of the evening.

In his adjudication, Speight said the French-Canadian players had given a most admirable performance.

While Speight was not an enthusiastic admirer of "Maitre Pierre Patein" by Workshop 14, Calgary, he said the farce, translated from the French by Richard Holbrook, had been "extremely well produced."

Describing the play as "medieval hijinks," it was not the type he particularly liked.

### HAD CONFIDENCE

He said it demanded a great deal of self-confidence on the part of the actors, and he admitted this was something it certainly had achieved.

Presentation of "John Doe," the first Canadian-written drama of the festival, brought both praise and criticism from the adjudicator.

Produced by Winnipeg's University of Manitoba Dramatic Society, it was written by Bernard Driver, a former professor at the University of Alberta, Edmonton.

Speight said he was glad to salute the work of a Canadian writer. Quite clearly it was a dramatic play and inspired by an idea.

OTTAWA, April 20.—(CP)—First steps toward formation of a Canadian Theatre Conference to act as a clearing house for problems of Canadian dramatic groups were taken yesterday at a discussion group of the Dominion Drama Festival.

Charles Rittenhouse of Montreal, Herman Vardon of Toronto, Miss Mona Cowell of Toronto, and Professor K. W. Gordon of Saskatoon will initiate the new association.

The group plans to organize reports from each region on all theatre activities, compile an adequate list of Canadian plays, explore possibilities of a theatre magazine, and explore the possibility of uniting the various playwrighting confederations into one national confederation.

FLIGHT TO BEDSIDE of her injured cousin, Kenneth Ross-Mackenzie, of Vancouver, was made in chartered plane by Vancouver film star Yvonne De Carlo. Ross-Mackenzie was injured near San Luis Obispo, Calif., in a traffic accident.

## CHIEF PLENTY MAD AT STATE OF TEXAS

VANCOUVER, April 20.—(CP)—Chief Mathias Joe of the Capilano Indian tribe is miffed with the state of Texas. He claimed he suffered humiliation at the hands of a Texas lumberman, and hinted darkly that his tribe of 50 might even declare war.

In an interview he said he was promised a trip to Texas by a lumberman of that state, but was turned aside just as he was to board a plane. The chief believed the invitation included his two children, but the lumberman said no.

"When I didn't go, I was ashamed to go around the roads," he said.

A spokesman for Chief Joe said he planned to telephone President Truman and Governor Jester of Texas about the matter. He thought a \$2,000 settlement would be about right.

### Sullivan Resigns

WASHINGTON, April 20.—(CP)—Gael Sullivan resigned yesterday as executive director of the Democratic National Committee, effective May 1. He said he will be going to the theatre to see a play.

Accidental Death  
WHITTINGHAM, East Lothian, Scotland, April 20.—(AP)—Hon. Andrew Balfour, 31, son of the Earl of Balfour, was shot dead accidentally Tuesday night while cleaning a sport gun in the Earl's home.

# Packer Says Grower Must Pay for Lower Meat Prices

By John Leblanc

OTTAWA, April 20.—(CP)—Meat prices can be brought down only if livestock growers will accept less for their animals, R. S. Munn, general manager of Burns and Company, said yesterday before the Commons price committee.

And the head of the meat-packing firm added it looked as though the government intended the grower should not get less. Munn had been asked by committee counsel H. A. Dyde, K.C., of Edmonton, his opinion of what might be done to bring down retail prices.

Dyde observed that meat prices were still going up and there was some feeling consumers should exercise resistance to buying. He asked Munn what the packing industry could do to level off prices.

### LESS FOR PRODUCER

"Very little," Munn replied. He thought the industry was operating efficiently. He believed its profit, if subtracted from the retail price level, would make little difference to what the consumer pays.

"Frankly," he added, "I don't know what the industry can do. The only way I know of would be for the producer to accept less."

In view of the fact that the Dominion government had put a floor under meat prices through over-contraction, he did not think it inequitable for growers to accept less. A possibility, he suggested, was that lowering of coarse grain prices might enable farmers to take less.

### FEED COSTS UP

Dyde asked if the producers had received the full effect of the new British contract prices in January. Munn said they did if they raised their own feed grains.

He said if they had to buy grain at the higher prices that followed the war, they would be in a worse position.

OTTAWA, April 20.—(CP)—Meat prices can be brought down only if livestock growers will accept less for their animals, R. S. Munn, general manager of Burns and Company, said yesterday before the Commons price committee.

And the head of the meat-packing firm added it looked as though the government intended the grower should not get less. Munn had been asked by committee counsel H. A. Dyde, K.C., of Edmonton, his opinion of what might be done to bring down retail prices.

## THIS COURT NOT TAKING CHANCES

BERLIN, April 20.—(Reuters)—An official advertisement in the Reichsminister Zeitung, Berlin, asks Heinrich Haer, last heard of in 1944 when he left for Switzerland and America, to report to the Koblenz law court.

If Haer, who was born in 1891, does not show up, his advertisement, "My death will be assumed."

On the average the company made less profit on pork than it did in the same two months of last year. He said that on the pre-war contract stocks which it had sold on the domestic market in the last few months, Burns did not have the full increase it got in the export price.

He also declared the \$38,000 figure was still a "paper" profit, as the company had not yet sold all the meat covered by that figure.

"You have been holding on for a higher price," asked Thatcher. Munn denied that was being done.

## FOR INNER CLEANLINESS

Are you one of those people who are careful about having the best of everything, but who neglect the inner cleanliness of their bodies? If so, you are missing a great deal. Inner cleanliness is the key to good health and a long life. It is the foundation of all physical and mental well-being. Dr. Morse's Pills are the most effective and reliable means of achieving inner cleanliness. They are gentle on the stomach and do not cause any harmful side effects. They are available in all drug stores and health food shops.

DR. MORSE'S PILLS
